

General Terms and Conditions

1. ACCEPTANCE

Seller acknowledges and agrees that these General Terms and Conditions are incorporated in, and a part of, this contract and each purchase order, release, requisition, work order, shipping instruction, specification and other document, whether expressed in written form or by electronic data interchange, relating to the goods and/or services to be provided by Seller pursuant to this contract (such documents are collectively referred to as this “Contract”). If Seller accepts this Contract in writing or commences any of the work or services which are the subject of this Contract, Seller will be deemed to have accepted this Contract and these General Terms and Conditions in their entirety without modification. Any additions to, changes in, modifications of, or revisions of this Contract (including these General Terms and Conditions) which Seller proposes will be deemed to be rejected by Buyer except to the extent that Buyer expressly agrees to accept any such proposals in writing.

2. SHIPPING AND BILLING

2.1 **Shipping**. Seller will (a) properly pack, mark and, ship goods as instructed by Buyer or any carriers and in accordance with any applicable laws or regulations; (b) route shipments as Buyer instructs, (c) not charge for costs relating to handling, packaging, storage or transportation (including duties, taxes, fees, etc.) unless otherwise expressly stated in this Contract, (d) provide packing slips with each shipment that identify Buyer’s contract number, invoice address, and the date of the shipment, and (e) promptly forward the original bill of lading or other shipping receipt with respect to each shipment as Buyer instructs. Seller is required to transmit an Advance Shipping Notice (ASN) to Buyer per Buyer instructions. Seller will include on bills of lading or other shipping receipts the correct classification identification of the goods shipped as Buyer or the carrier requires. The marks on each package and identification of the goods on packing slips, bills of lading and invoices must enable Buyer to easily identify the goods.

2.2 **Delivery Schedules**. Deliveries will be made in the quantities, on the dates, and at the times specified by Buyer in this Contract or any subsequent releases or instructions Buyer issues under this Contract. Buyer requires 100% On Time Delivery. Time is of the essence with respect to all delivery schedules Buyer establishes. Buyer will not be required to pay for any goods that exceed the quantities specified in Buyer’s delivery schedules or to accept goods that are delivered in advance of the delivery date specified in Buyer’s delivery schedules. Seller bears the risk of loss of all goods delivered in advance of the delivery date specified in Buyer’s delivery schedules. If Buyer determines that the requirements of Buyer’s customers or market, economic or other conditions require changes in delivery schedules, Buyer may change the rate of scheduled shipments or direct temporary suspension of scheduled shipments without entitling Seller to a price adjustment or other modification of this Contract.

2.3 **Premium Shipments**. If Seller fails to have goods ready for shipment in time to meet Buyer’s delivery schedules using the method of transportation originally specified by Buyer and, as a result, Buyer requires Seller to ship the goods using a premium (more expeditious) method of transportation, Seller will ship the goods as expeditiously as possible. Seller will pay, and be

responsible for, the entire cost of such premium shipment, unless Buyer's actions caused Seller to fail to meet Buyer's delivery schedules in which case Buyer will pay any costs for premium shipment. Premium shipments may result in freight charges from Seller's to Buyer's facility and to Buyer's end customer.

3. PRICING

Pricing is based on firm labor, overhead, and life of part. Material adjustments are only allowed where negotiated in the initial awarding of business or quarterly metal adjustments. The index and frequency used as the basis for determining metal adjustments will be the same index and frequency by TSM's customer for this product.

4. QUALITY STANDARDS

The Quality Standard of Buyer and its customers is IATF 16949. IATF 16949 guidelines will be applied to all Sellers. The Seller is required to notify the Buyer of any changes to the status of their Quality registrations.

5. QUALITY AND INSPECTION

Seller will participate in Buyer's supplier quality and development program(s) and comply with all quality requirements and procedures Buyer specifies from time to time. Seller will permit Buyer and its representatives and consultants to enter Seller's facilities at reasonable times to inspect such facilities and any goods, materials and property that relate to this Contract. Seller will maintain industry standard material certifications for shipments to Buyer and provide a copy of certification upon Buyer's request.

6. NON-CONFORMING GOODS

6.1 Buyer is not required to perform incoming inspections of any goods, and Seller waives any right to require Buyer to conduct any such inspections. Seller will not substitute and goods for the goods covered by this Contract unless Buyer consents in writing. If Buyer rejects any goods as non-conforming, Buyer may, at its option, (a) reduce the quantities of goods ordered under the Contract by the quantity of non-conforming goods, (b) require Seller to replace the non-conforming goods, and/or (c) exercise any other applicable rights or remedies. Buyer's payment for any non-conforming goods will not constitute acceptance by Buyer, limit or impair Buyer's right to exercise any rights or remedies, or relieve Seller of responsibility for the non-conforming goods.

6.2 It is understood that Seller will strive to provide a 0% (zero percent) defective part rate. In the event the scrap rate exceeds 0% and is the result of receiving a defective part, Seller may be charged for any costs associated with the scrap level. These charges may include such items as raw material, outside processing (E-Coat), in-process machining, assembly costs, sorting charges and transportation.

7. FORCE MAJEURE

If Seller is unable to produce, sell or deliver any goods or services covered by this Contract, or Buyer is unable to accept delivery, buy or use any goods or services covered by this Contract, as a result of an event or occurrence beyond the reasonable control of the affected party and without such party's fault or negligence, then any delay or failure to perform under this Contract that results from such event or occurrence will be excused for so long as such event or occurrence continues, provided, however, that the affected party gives written notice of such delay (including the anticipated duration of the delay) to the other party as soon as possible after the event or occurrence (but in no event more than three (3) days thereafter). Such events and occurrences may include, by way of example sabotage, labor problems (including lockouts, strikes and slowdowns), equipment breakdowns and power failures. During any delay or failure to perform by Seller, buyer may (i) purchase substitute goods from other available sources, in which case the quantities under this Contract will be reduced by the quantities of such substitute goods and Seller will reimburse Buyer for any additional costs to Buyer of obtaining the substitute goods compared to the prices set forth in this Contract and/or (ii) have Seller provide substitute goods from other available sources in quantities and at times Buyer requests and at the prices set forth in this Contract. If Seller fails to provide adequate assurances that any delay will not exceed forty (40) working days or if any delay lasts more than forty (40) working days, Buyer may terminate this Contract without liability. Before any of Seller's labor contracts expire and as soon as Seller anticipates or learns of any impending strike, labor dispute, work stoppage or other disruption at Seller's facilities that might affect the delivery of goods to Buyer, Seller will produce (and locate in an area that will not be affected by any such disruption) a finished inventory of goods in quantities sufficient to ensure the supply of goods to Buyer for at least forty (40) working days after such disruption commences. This material, if applicable, must be stored in an outside warehouse. There will be no additional cost to Buyer.

8. WARRANTY

8.1 General. Seller warrants and guarantees to Buyer, its successors, assigns and customers that the goods and services covered by this Contract will (a) conform to all applicable specifications, drawings, samples, descriptions, brochures and manuals furnished by Seller or Buyer, (b) will be merchantable, (c) of good material and workmanship, (d) free from defect, and (e) are fit and sufficient for the particular purposes intended by Buyer and any customer of Buyer.

8.2 Warranty Period. The period for each of the foregoing warranties will be that provided by applicable law, except that if Buyer ever provides a longer warranty to its customers, such longer warranty period will apply to the goods covered by this Contract.

9. INGREDIENTS AND HAZARDOUS MATERIALS

If Buyer requests, Seller will promptly furnish to Buyer, in such form and detail as Buyer directs: (a) a list of all ingredients in the goods, (b) the amount of all ingredients, (c) Seller is to submit Material Safety Data Sheet (MSDS) with initial PPAP as required for this program, and (d) information concerning any changes in or additions to the ingredients. Prior to, and together with, the shipment of the goods, Seller will furnish to Buyer and all carriers sufficient written warning and notice (including appropriate labels on the goods, containers and packing) of any hazardous material that is an ingredient or a part of any of the goods, together with all special handling instructions, safety measures and precautions as may be necessary to comply with applicable law, to inform Buyer and all carriers of any applicable legal requirements and to best allow Buyer and

all carriers to prevent bodily injury or property damage in the handling, transportation, processing, use or disposal of the goods, containers, and packing.

10. INSOLVENCY OF SELLER

Buyer may immediately terminate this Contract without liability to Seller in any of the following or any similar events: (a) insolvency or financial difficulties of Seller, (b) filing of a voluntary petition in bankruptcy by Seller, (c) filing of any involuntary petition in bankruptcy against Seller, (d) appointment of a receiver or trustee for Seller, (e) execution of an assignment for the benefit of creditors by Seller, or (f) any accommodation by Buyer, financial or otherwise, not contemplated by this Contract, that are necessary for Seller to meet its obligations under this Contract. Seller will reimburse Buyer for all costs Buyer incurs in connection with any of the foregoing whether or not his Contract is terminated, including, but not limited to, all attorney or other professional fees.

11. TERMINATION FOR BREACH

Buyer may terminate all or any part of this Contract, without liability to Seller at any time after execution if Seller (a) repudiates, breaches, or threatens to breach any of the terms of this Contract, including Seller's warranties, (b) fails to perform or threatens not to perform services or deliver goods in accordance with this Contract: or (c) fails to assure timely and proper completion of services or delivery of goods: or (d) fails to meet performance and customer service criteria.

12. TERMINATION FOR CONVENIENCE

In addition to any other rights of Buyer to terminate this Contract, Buyer may immediately terminate all or any part of this Contract, at any time and for any reason, by notifying Seller in writing. Upon such termination, Buyer may, at its option, purchase from Seller any or all raw materials, work-in-process and finished goods inventory related to the goods under this Contract which are useable and in a merchantable condition. The purchase price for such finished goods, raw materials and work-in-process, and Seller's sole and exclusive recovery from Buyer (without regard to the legal theory which is the basis for any claim by Seller) on account of such termination, will be (a) the contract price for all goods or services that have been completed in accordance with this Contract as of termination date and delivered and accepted by Buyer and not previously paid for, plus (b) the actual costs of work-in-process and raw materials incurred by Seller in furnishing the goods or services under this Contract to the extent such costs are reasonable in amount and are properly allocable or apportionable under generally accepted accounting principles to the terminated portion of this Contract less (c) the reasonable value or cost (whichever is higher) of any goods or materials used or sold by Seller with Buyer's written consent. In no event will Buyer be required to pay for finished goods, work-in-process or raw materials which Seller fabricates or procures in amounts that exceed those Buyer authorizes in delivery releases nor will Buyer be required to pay for any goods or materials that are in Seller's standard stock or that are readily marketable. Payments made under this Article will not exceed the aggregate price for finished goods that would be produced by Seller under delivery or release schedules outstanding at the date of termination. Seller will submit a comprehensive termination claim to Buyer, with sufficient supporting data to permit an audit by Buyer, and will thereafter promptly furnish any supplemental and supporting information Buyer requests.

13. INDEMNIFICATION

13.1 Infringement. Seller will defend, hold harmless and indemnify Buyer and its customers, and their respective successors and assigns, against any claims of infringement (including patent, trademark, copyright, moral industrial design or other proprietary rights, or misuse or misappropriation of trade secret) and resulting damages and expenses (including, without limitation, attorney and other professional fees and disbursements) relating to the goods or services covered by this Contract, including any claims in circumstances where Seller has provided only part of the goods or services. Seller waives any claim against Buyer that any such infringement arose out of compliance with Buyer's specifications.

13.2 Activities on Buyer's Premises. Seller will defend, hold harmless, and indemnify buyer from and against any liability, claims, demands, damages, costs or expenses (including, without limitation, reasonable attorney and other professional fees and disbursements) arising from or in connection with the performance of any service or work by Seller or its employees, agents, representatives and subcontractors on Buyer's or Buyer's customer's premises or the use of the property of Buyer or any customer of Buyer, except to the extent such liability arises out of the negligence or willful misconduct of Buyer or Buyer's customer.

13.3 Product Liability. Seller will defend, hold harmless, and indemnify buyer from and against any liability, claims, demands, damages, costs or expenses (including, without limitation, reasonable attorney and other professional fees and disbursements) arising from or in connection with any third party claims or demands to recover for personal injury or death, property damage or economic loss caused by any of the goods or services supplied by Seller (regardless of whether such claim or demand arises under tort, negligence, contract, warranty, strict liability or other legal theories), except to the extent such injury, damage or loss results from Buyer's specifications as to design or materials or from alteration or improper repair, maintenance or installation by any party other than Seller.

14. NON-COMPETE AND NONDISCLOSURE

Seller agrees to not compete with Buyer for business related to goods provided by Seller to Buyer. Seller agrees to sell goods only to Buyer and to no other party unless specifically agreed to in writing by Buyer. Seller also agrees to not disclose any information contained in this contract to any third party without written approval from Buyer. This agreement extends to Seller's subsidiaries, affiliate divisions, and parent divisions or companies.

15. COMPLIANCE WITH LAWS

Seller, and any goods or services supplied by Seller, will comply with all applicable laws, rules, regulations, orders, conventions, ordinances and standards of the country(ies) of origin and destination or that relate to the manufacture, labeling, transportation, importation, exportation, licensing, approval or certification of the goods or services, including, but not limited to, those relating to environmental matters, wages, hours and conditions of employment, subcontractor selection, discrimination, occupational health/safety and motor vehicle safety. Neither Seller nor any of its subcontractors will utilize slave, prisoner or any other form of forced or involuntary labor in the supply of goods or services under this Contract. Upon Buyer's request, Seller will certify in writing its compliance with the foregoing. Seller will defend, hold harmless and

indemnify Buyer from and against any liability, claims, demands, damages or expenses (including reasonable attorney or other professional fees and disbursements) arising from or relating to Seller's noncompliance with this Article.

16. SELLER'S EQUIPMENT

Seller, at its expense, will furnish, keep in good condition, and replace when necessary all of its machinery and equipment, including related tooling, jigs, dies, gauges, fixtures, molds, patterns, fixtures and other accessories, required for the production of the products covered by this Contract ("Seller's Equipment"). Seller will insure Seller's Equipment with fire and extended coverage insurance for its full replacement value. Seller grants Buyer an irrevocable option to take possession of, and title to, all or part of Seller's Equipment that is specially designed or outfitted for the production of the goods covered by this Contract upon payment to Seller of the net book value of such Seller's Equipment less any amounts that Buyer has previously paid to Seller for the cost of such Seller's Equipment. This option will not apply to the extent that Seller's Equipment is used to produce goods that are the standard stock of Seller or if a substantial quantity of like goods are being sold by Seller to others. Seller's right to exercise this option is not conditioned on Seller's breach or Buyer's termination of this Contract or upon payment of any other amounts due under this Contract.

17. BUYER'S PROPERTY

17.1 Bailment of Property. All supplies, materials, tooling, jigs, dies, gauges, fixtures, molds, patterns, gating, risers, trim dies, equipment and other items Buyer furnishes, either directly or indirectly, to Seller, or for which Buyer gives consideration to Seller in whole or in part ("Buyer's Property"), will be and remain the property of Buyer and be held by Seller on a bailment basis. Seller shall assign to Buyer any contract rights or claims in which Seller has an interest with respect to Buyer's Property. Title to all replacement parts, additions, improvements and accessories purchased by Seller will vest in Buyer immediately upon attachment to or incorporation into Buyer's Property. Seller will not sell, lend, rent, encumber, pledge, lease, transfer or otherwise dispose of Buyer's Property. Seller agrees not to alter the tool lineup in any way without written authorization from Buyer. Furthermore, Seller will not assert, or permit any person claiming an interest through Seller to assert any claims of ownership to or any other interest in Buyer's Property. Goods manufactured based on Buyer's drawings and/or specifications may not be used for Seller's own use or sold to third parties without Buyer's express written authorization.

17.2 Seller's Duties with Respect to Buyer's Property. While Buyer's Property is in Seller's possession and until Seller delivers Buyer's Property back to Buyer, Seller bears the risk of loss and damage to Buyer's Property. Seller will be responsible for the cost of repairing or replacing Buyer's Property if it is damaged or destroyed regardless of cause or fault. Seller will at all times: (a) regularly inspect, maintain in good condition, and repair Buyer's Property at Seller's own expense, (b) use Buyer's Property only for the performance of this Contract, (c) conspicuously mark Buyer's Property as the property of Buyer and maintain such markings, (d) not commingle Buyer's Property with the property of Seller or with that of a third person, (e) not move Buyer's Property from Seller's premises without Buyer's written approval, and (f) use Buyer's Property in compliance with Buyer's or the manufacturer's instructions and in compliance with all federal,

state and local laws, ordinances and regulations. Buyer will have the right to enter Seller's premises at all reasonable times to inspect Buyer's Property and Seller's records with respect thereto.

17.3 Return of Buyer's Property. Seller agrees that Buyer has the right at any time and from time to time, with or without reason and without payment of any kind, to retake possession of or request the return of Buyer's Property. Without further notice or court hearings, which rights, if any, are hereby waived, Buyer or its designee(s) will have the right to enter Seller's premises and take possession of any and all of Buyer's Property. Upon Buyer's request and in accordance with Buyer's instructions, Buyer's Property will be immediately released to Buyer or delivered to Buyer by Seller, either (i) Ex Works (Incoterms 1990) at Seller's plant properly packed and marked in accordance with the requirements of the carrier selected by Buyer to transport such Buyer's Property of (ii) to any location Buyer designates, in which event Buyer will pay Seller the reasonable costs of delivering Buyer's Property to the location Buyer designates. If Seller does not release and deliver any Buyer's Property in accordance with this Article, Buyer may obtain an immediate writ of possession without notice and without the posing of any bond and/or enter Seller's premises, with or without legal process, and take immediate possession of Buyer's Property.

17.4 Disclaimer of Warranties. Seller acknowledges and agrees that (i) Buyer is not the manufacturer of Buyer's Property nor the manufacturer's agent nor a dealer therein, (ii) Buyer is bailing Buyer's Property to Seller for Seller's benefit, (iii) Seller is satisfied that Buyer's Property is suitable and fit for its purposes, and (iv) BUYER HAS NOT MADE AND DOES NOT MAKE ANY WARRANTY OR REPRESENTATION WHATSOEVER, EITHER EXPRESS OR IMPLIED, AS TO THE FITNESS, CONDITION,

MERCHANTABILITY, DESIGN OR OPERATION OF BUYER'S PROPERTY OR ITS FITNESS FOR ANY PARTICULAR PURPOSE. Buyer will not be liable to Seller for any loss, damage, injury or expense of any kind or nature caused, directly or indirectly, by Buyer's Property, including, without limitation, the use or maintenance thereof, or the repair, service or adjustment thereof, or by any interruption of service or for any loss of business whatsoever or howsoever caused, including, without limitation, any loss of anticipatory damages, profits or any other indirect, special or consequential damages..

18. SERVICE AND REPLACEMENT PARTS

During the term of this Contract, Seller will sell to Buyer goods necessary to fulfill Buyer's service and replacement parts requirements to Buyer's customers at the then current production price(s) under this Contract. If this Contract is in effect at the end of the vehicle production program into which the goods covered by the Contract are incorporated, Seller will also sell goods to Buyer to fulfill Buyer's and its customers' service and replacement parts requirements during the fifteen (15) year period following the end of such vehicle production program (the "Post-Production Period"), and this Contract will automatically remain in effect during the entire Post-Production Period. During the first three (3) years of the Post-Production Period, the price(s) for such goods will be the production price(s) which were in effect at the commencement of the Post-Production Period. For the remainder of the Post-Production Period, the price(s) for such service goods will be as reasonably agreed to by the parties.

19. CUSTOMS AND EXPORT CONTROLS

Credits or benefits resulting or arising from this Contract, including trade credits, export credits or the refund of duties, taxes or fees, belong to Buyer. Seller will provide all information necessary (including written documentation and electronic transaction records) to permit Buyer to receive these benefits or credits, and to fulfill any customs related obligations, origin marking or labeling requirements and local content origin requirements. Seller will obtain all export licenses or authorizations necessary for the export of the goods unless otherwise indicated in this Contract, in which event Seller will provide all information as may be necessary to enable Buyer to obtain such licenses or authorization(s). Seller will make all arrangements that are necessary for the goods to be covered by any duty deferral or free trade zone program(s) of the country of import.

20. SETOFF AND RECOVERY

With respect to any monetary obligations of Seller or Seller's affiliates to Buyers or Buyer's affiliates, Buyer may (i) setoff such obligations against any sums owing to Seller or Seller's affiliates and/or (ii) recoup such obligations from any amounts paid to Seller or Seller's affiliates by Buyer or Buyer's affiliates.

21. NO ADVERTISING

Seller will not, in any manner, advertise or publish that Seller has contracted to furnish Buyer the goods or services covered by this Contract or use any trademarks or trade names of Buyer in Seller's advertising or promotional materials Buyer consents in writing.

22. NO IMPLIED WAIVER

The failure of either party at any time to require performance by the other party of any provision of this contract will not affect the right to require such performance at any later time, nor will the waiver by either party of a breach of any provision of this Contract constitute a waiver of any succeeding breach of the same or any other provision. No course of dealing or course of performance may be used to evidence a waiver or limitation of Seller's obligation under this Contract.

23. ASSIGNMENT

Buyer may assign its rights and obligations under this Contract without Seller's prior written consent. Seller may not assign or delegate its rights or obligations under this Contract without Buyer's prior written consent.

24. RELATIONSHIP OF PARTIES

Seller and Buyer are independent contracting parties. Nothing in this Contract makes either party the agent or legal representative of the other for any purpose whatsoever, nor grants either party any authority to assume or create any obligation on behalf of the name of the other party.

25. GOVERNING LAW AND JURISDICTION

This Contract is to be construed according to the laws of the country (and state or province, if applicable) from which this Contract is issued as shown by the address of Buyer, excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods and any choice of law provisions that require application of any other law. Any actions or proceedings by Seller against Buyer may be brought by Seller only in the court(s) having jurisdiction over the location of Buyer from which this Contract is issued.

26. SEVERABILITY

If any provision of this Contract is invalid or unenforceable under any statute, regulation, ordinance, executive order or other rule of law, such provision will be deemed reformed or deleted, as the case may be, but only to the extent necessary to comply with such statute, regulation, ordinance, order or rule, and the remaining provisions of this Contract will remain in full force and effect.

27. ENTIRE AGREEMENT

This Contract, together with the attachments, exhibits, supplements or other terms of Buyer specifically referenced in this Contract, constitutes the entire agreement between Seller and Buyer with respect to the matters contained in this Contract and supersedes all prior oral or written representations and agreements. This Contract may only be modified by a written contract amendment issue by Buyer.
